US Electric Vehicle Manufacturer, Tesla Motors opened flagship shop in Shinsaibashi, Osaka

US Electric Vehicle Manufacturer, Tesla Motors opened their flagship shop “Tesla Shinsaibashi” in Osaka on August 5, 2015. (Address: 4-2-4, Minami-Semba, Chuo-ku, Osaka). This showroom is the 2nd direct sales shop in Japan following Aoyama sales shop in Tokyo.

Until the opening of this “Tesla Shinsaibashi”, Tesla’s business operation in Western Japan was done in their temporary showroom in Minami-Horie / Osaka and Panasonic Center (1st floor at Grand Front Osaka South Building) which is their global partner, Panasonic’s showroom premises in Osaka. Tesla Motor is trying to further promote their new customer development and customer services.

Visitors can test drive Sedan type “Model S”, four-wheel-drive type “Model S Dual” at “Tesla Shisaibashi”. Multi-purpose sports car type (SUV) “Model X” which will be launched next year will also join the display floor very soon.
